Summary

My name is Clifford Myrtil, I work as a talent manager and producer alongside developing artists and fellow producers in the music industry. I have 4 years of experience in the music industry as a producer and manager. While specializing in areas like artist development, digital marketing/strategy and media coaching, I've produced a handful of records that received placements in movies, video games, radio networks, etc. These placements include the Madden 21 Official Soundtrack, Marvel movie 'Morbius', Shade45 and Genius. I also have some digital marketing experience through my work and self produced records.

I am also a Self-directed, detail-oriented, and professional C# programmer with experience in designing, developing, analyzing, and implementing client-server, web and desktop-based applications using C# language. Expertise in system designing as well as in testing, debugging and modifying related application code. Capable of learning new programming languages and technologies and completing projects within specified deadlines.
